

# CP2110HP

TRUCK-MOUNTED HIGH RISE PUMP

## CP2110HP Truck Mounted High Rise Pump:

Maximum theoretical output: **106 m<sup>3</sup>/hr**

Maximum pumping pressure: **3200 psi**

Engine horsepower: **505**

Maximum horizontal pumping distance (depending on concrete mix design): **2000'+**

Maximum vertical pumping distance (depending on concrete mix design): **800'+ (80+ stories high rise)**

Vehicle length: **35'4"**

Vehicle width: **8'2"**

Vehicle height: **11'**

Vehicle weight: **14,420 kg**

## Specifications
